Mitigation Strategies

- Equipment warranty & maintenance contracts
- Tiered pricing to reduce churn
- Corp partnerships for stable revenue

7. Recommendations

- Lock in corporate B2B partnerships before launch (reduces churn)
- Invest in equipment durability over variety (lower capex ongoing)
- Launch with tiered memberships (budget + premium) to diversify revenue

8. Roadmap Timeline

Phase 1 — Immediate

- Secure prime location in tech park adjacency
- Order core equipment

Phase 2 — Preparation

- Build app + member tracking
- Hire core coaching team

Phase 3 — Launch

- Launch group classes
- Corporate membership drive

Phase 4 — Growth

- Audit full P&L;
- Consider expansion to adjacent tech parks

9. Overall Go / No-Go

Strong market demand but high initial capex + staffing costs make this a capital-intensive play.

Final Verdict: PROCEED WITH CAUTION — Business Health Score 57/100, Confidence 57%.
